OREGON LEGISLATURE
Fourth Regular Session.
House.

SALEM, SATURDAY Oct 6, 1866

House met as usual Prayer by Rev Mr Williams of the Episcopal Church Journal read and approved

MILITARY

Mr ROLAND chairman of the Military Committee to whom had been referred the bills in relation to the militia, reported a substitute to repeal the entire militia system The report was received and the substitute ordered engrossed and read a third time to-morrow

Mr ROLAND from the same committee to whom had been referred Mr Hindman's resolution authorizing the Governor to call out a sufficient volunteer force to protect the citizens of Eastern Oregon against the Indians, reported a substitute requesting the Governor of the State unless the Government of the United States should furnish the necessary protection within thirty days, to call out a sufficient force to meet the emergency

Mr HUMASON moved that the resolution be adopted and urged that it was a duty which the State owes to the citizen to furnish this protection

Mr OLNEY thought the object of the resolution a good one but suggested that the resolution should be so amended as to leave the matter of calling out the volunteers within the time specified at the discretion of the Governor A request framed in the language of the resolution would be regarded by the Governor as equivalent to an instruction It might be that the Government could not furnish the force in that time yet such force might be under orders with a probability of reaching its destination before volunteers could be raised and equipped by the State As an undertaking of this character would involve great expense it was best to be prudent

Mr ROLAND thought it idle to expect the Government to furnish aid Four years of Indian depredations—creating a loss greater than that of the Rogue river war—had already passed without adequate protection from the War Department. When at last the habits of the Indians were learned and the nature of their country ascertained a practicable plan of operating against them was inaugurated by Col Wm B Curry of the Oregon Infantry but then the Government interfered to prevent its success The few volunteers which were here and barely sufficient to keep the Indians in check were mustered out of service He was in favor of expressing disapprobation with the course which the Government had pursued toward us

Mr WITHERS thought it best to go slow in this business It might sink the State in debt from which it might never recover He was not so sure as the gentleman who had preceded him that the General Government would not yet and before long render the necessary assistance.

Mr HINDMAN reminded the gentleman that the eastern portion of the State is now virtually at the mercy of the savages Communication is cut off property being stolen and the lives of our fellow citizens taken almost every day Shall we delay this matter just to save a few dollars that may after all be expended in less worthy ends?

Mr KNISELY thought something should be done immediately

Mr HUMASON urged that the financial interests of the State demanded that this protection should be given speedily That country is the market for the products of the Willamette valley and thousands of animals and men are employed in transporting supplies to that region The people of eastern Oregon had already exhausted themselves in fitting out expeditions against the Indians, and now they appealed to the State. The General Government is deaf to their call The commander of the Division of the Pacific has not only failed to furnish more men but he has actually withdrawn the few that were here and left the country defenceless while to make the matter worse he has stationed seven military companies upon the Chico route—a rival to the route between the Dalles and Boise, in which he has a personal interest—thus drawing the Indians from that section of the country into our frontier settlements. He was willing to strike out the words thirty days from the resolution, but he did not wish to amend as suggested by Mr Olney, by leaving the matter to the discretion of the Governor.

Mr FOUDRAY was in favor of the resolution but as the Governor had lately been in conference with General Steele on this subject, and as he would return by next Monday, he was in favor of postponing final action upon the resolution so that the House might have the benefit of any information in his possession Accordingly he moved to make the resolution the special order for Monday at 10 o'clock A M, which motion prevailed.

SALARIES OF COUNTY JUDGES

Mr. HUMASON from the special committee to whom had been referred H B No. 25—to regulate the salaries of county judges—reported the bill back with the blanks so filled as to leave the salaries of all the county judges in the State as they are at present; excepting the salary of the judge of Wasco county which is proposed to be reduced from $1,200 to $600. The report was accepted and the committee discharged.

THE POLK COUNTY CONTEST.

Mr GARLICK offered a resolution fixing 2 o'clock on Monday the 8th inst., as the hour for the final trial of the Polk county case, in which James L. Collins and J McM Dodson are contestants for the seats now occupied by Messrs Dempsey and Hall. He moved the adoption of the resolution

Mr WORTH declared himself opposed to the resolution on the grounds that the contestants had not complied with the precedent heretofore set by the Legislature in relation to taking testimony

Mr GARLICK I have offered this resolution because it is my desire that this case should be disposed of at the earliest practicable moment. These gentlemen who are contesting the seats have been here from the very beginning of the session, waiting to know the decision of this House on their case I am authorized to say that so far as they are concerned they are both willing to submit their case on its merits at any time, without further testimony than a sworn statement of facts by each of the parties concerned But if the sitting members or the House prefer it, they can produce their witnesses and evidence without delay This matter has been postponed from time to time by adjournment and otherwise, while cases of a similar nature have been rushed through with all possible speed For my part I am unwilling that justice should be delayed in this matter any longer

Mr HALL. So far as we are concerned in this case we are willing to do the fair thing The gentleman wishes to make the impression that we are trying to baffle off the trial Now we came here with certificates as authorized members of this House, and I have no fears but what we are justly entitled to our seats. I have taken no pains whatever to represent my case to anybody whether friends or enemies I am perfectly willing that it should be brought to trial Soon after election they gave us notice of their intention to contest our seats, and I was willing to take evidence. But after Judge Boise's decision in regard to the county offices I supposed the matter was settled I have not wanted to stave off this trial in any way and I would have tried to get evidence if the House had given permission to take it, but as it is I am unprepared Last week there were half a dozen men on the streets of this city who are witnesses in this case, but they were not admitted then. I am willing for a fair trial, but I am not ready to submit the case now

Mr HERMAN I do not think any blame for the delay in this case is to attach to the sitting members but it should rest upon those who, to effect an object in the Senatorial election, refused to take this case up as was proposed by the mover of this resolution on a former occasion It is now high time we were doing our duty in regard to it. This is a case in which the contestants certainly have good grounds for their claims. There has been a good deal said about following Judge Wilson's decision in the Grant county case In this case it would be sufficient for the contestants to accept the ruling of Judge Boise in the trial of the contestants for the county offices, which plainly shows—

Mr HUMASON I call the gentleman to order It is not proper to discuss the merits of the question pending this resolution to fix the time for this trial

Mr HERMAN I do not wish to discuss its merits, but I wish to insist that the case should be tried without further delay as it should have been tried long ago. The session is now drawing to a close and I wish to see justice done in this case

Mr HUMASON moved a substitute authorizing the speaker to issue subpœnas to be returnable forthwith

Mr UPTON I think that some certain day should be fixed

Mr HUMASON If the subpœnas come on Monday next we can hear the testimony and go on until all the witnesses are heard

Mr OLNEY I will suggest that the substitute be so amended as to make the subpœnas returnable on Tuesday and that the case be disposed of that day

Mr HUMASON That is proposing an impossibility The House cannot examine all the evidence short of two weeks I think the contestants have been guilty of laches in not having their case all prepared

Mr GARLICK. Allow me to call the attention of the gentleman to the fact that when a proposition was made on a former occasion to try the case the contestants had witnesses here waiting to be heard and the House by the aid of the gentleman's vote, refused to hear the case Besides this the contestants are now ready to submit their case

Mr HUMASON Well if the House refused to hear them, I suppose the House is responsible for something Anybody knows that these witnesses cannot be brought here and examined within the time proposed I am willing to say that the witnesses shall be examined if it takes a whole week

Mr UPTON It seems to me that this case might as well be tried upon its merits by the sworn statements of the parties themselves This would save a great deal of time.

Mr GARLICK I am informed that this would be satisfactory to the contestants, and as they are parties acquainted with all the facts in the case it would certainly save much valuable time While I am on the floor I desire to call attention to the manner in which this matter was disposed of on a previous occasion On the evening of the [illegible] of last month—at the close of the second week of this session—I offered a resolution authorizing the Speaker to issue subpœnas for witnesses in this case to be returnable on the Monday and Tuesday following The gentleman from Wasco [Mr Humason] moved to amend by adding Wednesday Thursday Friday and Saturday I accepted the amendment Pending the resolution at the request of a gentleman on the other side of the House, I gave way in order to permit the members from Grant county who had just been admitted to their seats to take the oath of office After these gentlemen had taken the oath and notwithstanding I had yielded the floor through courtesy a motion to adjourn was made by a Democratic member and carried Now, it would then have taken but a few moments to have fixed the time for the trial There were then many witnesses in town and yet it was refused to set any time for the consideration of the case. Now, it seems to me that under these circumstances it comes with very bad grace for gentlemen to ask two or three weeks longer delay The contestants are here asking that this trial shall come off to-day or next Monday or at any early day But I am unwilling to consent that this case should be delayed without cause any longer I want it disposed of as soon as possible so that we can go on with other business.

Mr HUMASON My proposition is that we strike out the word final in the original resolution and add the clause in relation to subpœnas This will make the trial begin on next Monday and continue till completed.

Mr WITHERS I do not think I should be doing my duty if I were not to say something on this question The session is now drawing to a close, and we have still a large amount of business to attend to We cannot get through with this trial in less time than a whole week The gentleman from Douglas [Mr Herman] said he was willing to take the decision of Judge Boise

The SPEAKER stated that it was out of order to discuss the merits of the question

Mr WITHERS I wanted to show to this House that we should not take up the time of the House with this case Now Sir I say if we go into this investigation it will take up one week of our time—not only take up the time of the session but put the State to a great expense As I said before the gentleman said he was willing to take the decision of Judge Boise—

Mr HERMAN I beg leave to correct the gentleman I did not say I was willing to be governed by that decision myself much less did I assume to speak for the parties interested I was merely making a suggestion in regard to it, and as I was called to order for referring to that decision I must now call the gentleman to order for the same reason

Mr WITHERS Very well but he did give that impression to the House—and if we take that decision the matter would be already settled. I am opposed to this whole thing, and I now move to lay the whole thing on the table

The motion was disagreed to—17 ayes and 26 nays

Mr OLNEY I wish to say a few words upon the amendment It proposes to strike out the word "final." To that I have no objections It is also proposed to add the issuing of subpœnas To that I have no objections Then it is proposed that these subpœnas be made returnable forthwith To that I object I desire that they should be made returnable on Tuesday, or at the furthest on the following day so that we may get at a final trial soon and get the matter out of the way and not use up the time of the session with it Now let us see how it will work to make them returnable forthwith. This will be held to mean as soon as is practicable or convenient When Monday comes it will be said that the subpœnas are not here and we must give time So it will be with Tuesday and the rest of the week There is no definite time fixed and this thing will be procrastinated It has been said that there are a great many witnesses I presume they can be examined in a few days at most It should be borne in mind that the contestants have proposed to consume no time at all but to rest the case upon its merits

Mr HALL I want to say that if we are going to have a trial I want to get our evidence here There are a great many witnesses who are necessary to establish facts about the legality of votes One of the main witnesses lives at least thirty miles from here and others live in the opposite direction All I want is time

Mr UPTON suggested that the witness could get here by Tuesday at [illegible]

Mr HALL. I do not think he could

Mr UPTON I submit the question to the House whether a man who lives only thirty miles away cannot be sent for in three days

Mr HALL. Well there are other witnesses

Mr HERMAN I was surprised at the pusillanimity shown by the gentleman from Linn [Mr Withers] in his remarks and motion. He is unwilling that these contestants should have any trial at all Did he talk in that way about the Grant county case? Oh, no he was very conscientious then He was then as willing to vote the contestants into their seats as he is now anxious to refuse these contestants a hearing Well Sir I will leave him to enjoy the sweet comforts of such a consistent position I want it to be understood that this case is to be tried upon some definite day.

Mr HUMASON Before the gentleman takes his seat, I have an amendment to present and I would like to know whether it is agreeable to him It is that this trial shall be made the special order for Monday at 2 o'clock P M and from that time forward until disposed of

Mr HERMAN I want a day fixed for the final disposition of the case I do not want to leave room for any excuse for postponing it

Mr OLNEY I think I have a resolution which will be satisfactory to every one at least to all who have expressed themselves It is to the effect that this case shall be made the special order for 2 o'clock on Monday next, and if witnesses are subpœnaed they shall be examined by Wednesday next. This will make the admission of evidence begin on Monday, and close on the Wednesday following

Messrs Withers Olney, Humason, Garlick and Hall arose to address the chair

Mr HUMASON I have no particular objection to that resolution, but I do think it would take two weeks to hear all the witnesses

Mr GARLICK I will accept that substitute, with the understanding that the case is to have a final trial on Wednesday

Mr LOCKHART moved the previous question, which was ordered—23 ayes to 20 nays.

Mr HENDERSHOTT moved to adjourn, which motion was ruled out of order on account of the previous question having been ordered.

Mr HUMASON. I understand that the main question now ordered, is upon my amendment.

The SPEAKER The resolution presented by the gentleman from Multnomah, [Mr Garlick], having been amended by the substitute offered by the gentleman from Clatsop, [Mr Olney] and no objection having been made, the original resolution, with all amendments to it, have been disposed of and the question now is upon the substitute.

Mr HUMASON, I contend that the question is upon my amendment. [Voices—"What is the question?" What are we voting for? "Read," "read."]

The substitute was read by the clerk

Mr HUMASON I call for the reading of my amendment When I introduce an amendment, I claim that it shall be respected.

Mr UPTON I arise to a point of order The chair has already decided this question

Mr HUMASON I claim my rights

The SPEAKER. Order, order The clerk will proceed with the call of the roll

The clerk received the votes of Messrs Avery and Baird

Mr HUMASON I am willing to submit. I appeal from the decision of the chair

Mr WORTH I second the appeal

Mr SPEAKER The gentlemen are certainly out of order in appealing after the voting has commenced.

Mr HUMASON I have my rights here and I intend to have them

Mr HENDERSHOTT I suggest that the clerk do not dictate the policy of the chair

The SPEAKER If gentlemen will take their seats.

Mr HUMASON I want the chair to decide upon my question

The SPEAKER. The chair has decided the point out of order [A voice—Let them appeal; we'll vote it down ?]

Mr GINGLES. As the original resolution was withdrawn, I think there can be no doubt that all amendments fall with it In lieu of all the propositions before the House Mr Olney offered a substitute which I think is certainly before the House.

Mr HUMASON I wish to state my question.

The SPEAKER re-stated his ruling and added that as no amendments had been offered to the new resolution, no amendment could now be brought before the House.

Mr HUMASON contended that he had not consented to the substitute, and that he had the right to require the House to dispose of this amendment by a vote and not by an arrangement between two or three members.

Mr WORTH argued that as Mr Garlick's resolution had become the property of the House he had no right to withdraw it, and that therefore the main question must now be upon Mr Humason's amendment.

The SPEAKER. The Chair holds that this substitute was received by unanimous consent—the mover of the original resolution accepting it and no objection being made

Mr WORTH I contend that this is all wrong, and I ask if the Chair is going to force things through in this way? It is not my duty to fight my way through when I introduce anything it is the Speaker's duty to decide those points. It was the Speaker's duty to rule out of order the resolution offered by the gentleman from Clatsop.

Mr OLNEY, Will the gentleman allow me? I did not offer a resolution but in a conversational manner proposed a substitute to the mover

Mr WORTH No, you did not; I stand corrected You had no right to do so but the gentleman from Multnomah accepted the amendment when he had no right to do so

The SPEAKER All this has arisen from a misapprehension of facts I think. It is very clear to my mind that this resolution was very deliberately withdrawn—a good deal of time was spent over it—and no objection was made

Mr OLNEY, I offered the resolution as a substitute for all the propositions before the House.

The SPEAKER And all acquiesced in it and no objection was raised till after the previous question was ordered

Mr HUMASON I wanted the substance of my resolution embraced in the original resolution but the gentleman refused and I could not force it I then desired the action of the House upon it

The SPEAKER. I think now it would be proper under the circumstances, for the House to act upon his amendment and let the substitute then be taken up also if this is voted down.

Mr UPTON I must insist that this is out of order The substitute offered by the gentleman from Clatsop was introduced and distinctly understood as a compromise. It was plainly stated from the Chair and the previous question ordered. If any objection was entertained it should have been made known before the vote was taken upon the previous question If any gentleman through inattention or neglect failed to demand his rights I do not think the House should be held responsible

Mr HUMASON But my amendment was not acted upon

Mr UPTON. When the previous question was called for the Chair stated the question on the substitute and it was read Then in remaining silent, the gentleman from Wasco waived any right he may have had in the premises

Mr WHITE called attention to the rule which prevents debate on the previous question

The question on the appeal was stated.

Mr AVERY moved to adjourn

The SPEAKER ruled the motion out of order because the question was being put to a vote

The Chair was sustained by a vote of 23 ayes to 20 nays.

Mr AVERY Have I the floor?

The SPEAKER You are not entitled to the floor except for the purpose of explanation under the pending motion

Mr AVERY I contend that I have got the floor and I move to adjourn

Mr OLNEY I arise to a point of order Pending the previous question no motion except to adjourn can be made

The SPEAKER said he was in doubt about the matter and he would put the motion to adjourn

The House refused to adjourn —11 ayes 35 nays

The resolution was again read and put upon its passage It was rejected by the following vote

YEAS—Messrs Cole Davis Day Garlick Garrott Gingles, Herman Hinman, Lamson Laughlin Lockhart Melvin Nicklin Olney Parris Roland Starkweather Stouffer Upton, White, Witzel and Mr Speaker—22.

NAYS—Avery, Baird, Cochran, Cox, Dodge, Foudray Gehr Hendershott Helm Hindman, Humason Knisely Loring McCoy Moore, Ross, Rosenheim South Wells Whiteaker Withers and Worth—22.

Mr ROSENHEIM when his name was called said I wish to explain my vote It is possible that under this arrangement all the witnesses could not be examined If the time were extended to Saturday I would vote for it. I vote no.

On motion of Mr HENDERSHOTT at 12:20 M adjourned

AFTERNOON—AN ATTEMPT TO OUST MR. UPTON

Mr ROSS offered a resolution declaring W W Upton from Multnomah county, ineligible to a seat in the Legislature by reason of his being City Attorney of Portland—holding a lucrative office within the meaning of the State Constitution

Mr HUMASON I do not wish to say anything upon this question, but I would like to have the gentleman say whether it is a fact that he does hold that office

Mr UPTON. I am like the lamb that is led to the slaughter I am ready to be slaughtered [Laughter]

Mr WORTH read Section 10 of Article 2 of the Constitution. Now it can be established here that the gentleman holds the office of City Attorney and I call upon Mr Rosenheim to state whether he does hold that office or not, and we will have him swear if necessary

Mr HUMASON I desire to have Mr Upton put upon the stand

Mr OLNEY I suppose that if gentlemen are in earnest about this matter they will permit some discussion of it But for the present I desire to say that I am ignorant of any law creating such an office as this and I am not aware of anything to prevent the attorney of an incorporation from occupying a seat upon this floor

Mr WORTH There is a law by which the city of Portland is incorporated, and that law provides for a City Attorney—an office under this State—and we claim that he is not eligible to his seat It seems to me to be a very clear thing. All that is necessary is to prove that Mr Upton holds the office.

Mr NICKLIN I do not see any necessity for proving that He has already told you that he is ready to be slaughtered

Mr WORTH moved a call of the House Messrs Cox and Locey were absent.

Mr WORTH desired Mr. Rosenheim sworn

Mr UPTON I beg to inform the gentleman that Mr Upton does not deny that he holds the office of City Attorney of Portland.

Mr OLNEY objected to any business pending a call of the House.

A motion was made to dispense with the call

Mr OLNEY I will not oppose the motion, if this resolution is reasonably postponed

Mr HENDERSHOTT As I am not fully informed in regard to this matter, I should prefer not to act upon it hastily I therefore move to postpone it till 4 o'clock P. M of Monday next

The motion prevailed

SHUTTING OFF WIND

Mr HENDERSHOTT called up his resolution to prohibit members from speaking more than twice and more than ten minutes at a time on any one question It was so amended as not to apply to bills on their final passage and then adopted.

THE POLK COUNTY CASE

Mr HERMAN offered a resolution making the Polk county case the special order for 2 o'clock P. M. of next Tuesday and the same hour of each succeeding day not later than Saturday, till the case should be disposed of. The gentleman from Multnomah [Mr Rosenheim] is the man who defeated the resolution this morning and he said he would vote for a proposition of this kind. I am anxious that this case should be decided, and I am willing, if necessary, to extend the time to Saturday

Mr HALL offered an amendment to authorize the Speaker to issue subpœnas, which was accepted The resolution was adopted without a call for the yeas and nays.

BILLS

Mr UPTON introduced a bill to amend the law in relation to private corporations, so as to enable insurance companies to have more directors than they now have. Referred to the committee on Judiciary

Several other bills were introduced in accordance with previous notice.

Mr UPTON offered a joint resolution in relation to lands granted by Congress to aid in the construction of a railroad from Portland, Oregon, to the Central Pacific Railroad in California

At 3 o'clock Mr HENDERSHOTT called up the special order of the day—his bill for the improvement of lands in Union county This bill proposes an appropriation of $5000 to build a canal in Grand Ronde valley, by means of which 15 000 acres of State lands which now overflows during April and May, and are consequently worthless for farming purposes, may be drained and brought into market. After much discussion, the bill was amended by reducing the sum to $4000 and adding the condition that no further aid shall be asked of the State The bill creates a board of commissioners to do the work, consisting of the Governor, John Brittain and H. L. Thomas.

THE AMENDMENT TO THE U. S. CONSTITUTION.

Mr HUMASON introduced the following series of resolutions

WHEREAS, On the 21st day of September, 1866, the House of Representatives of the State of Oregon by a vote of 25 yeas to 22 nays passed the constitutional amendments to the Constitution of the United States as proposed by the thirty-ninth Congress, which amendments were adopted by means of the votes of Thomas H Brents and M. M McKean, who were illegally and fraudulently returned as members of this House from Grant county and who have since then been declared not entitled to the seats which they had usurped, and

WHEREAS J M McCoy and G W Knisely, now holding the seats in this body as members from the county of Grant, have by their protest upon the journals of this House declared that they would have voted against said Constitutional amendments; and

WHEREAS Without the votes of said Brents and McKean in favor of the said amendments, and with the votes of said McCoy and Knisely against said amendments the vote on said Constitutional amendments would have stood 23 yeas and 24 nays, and the passage of the Constitutional amendments would have been lost, therefore

Resolved by the House of Representatives of the State of Oregon, That the action of this House in passing the said Constitutional amendments did not express the will of this House as it now stands, after being purged of its illegal members

Resolved, That the Secretary of State be directed to forward a certified copy of the foregoing preamble and resolution to Wm H Seward Secretary of State of the United States, within ten days from the passage of the same

Mr LOCKHART raised the point of order that this matter had already been passed upon by the House Hence it could not be brought up again at this session

The CHAIR sustained the point.

Mr HUMASON appealed from the decision of the chair

Mr GARLICK moved a call of the House, and Messrs. Cole Herman Locey, Parris and White were found absent; all except Mr Locey being absent as a committee to visit the Penitentiary

Mr WORTH suggested that the absent members be permitted to record their votes at any future day

Mr. HUMASON moved to dispense with a further call of the House which carried

Mr WORTH said the object of the resolution was merely to take the [illegible] of the House.

The question of appeal was put, and the House refused to sustain the chair, by 17 ayes to 21 nays.

Mr AVERY moved the previous question

Mr ROLAND moved a call of the House

Mr WORTH said it was the unanimous agreement of the Democratic side of the House that the absentees should be allowed to record their votes on the resolution

Mr ROLAND said, with that understanding he would withdraw his motion.

Mr HERMAN From what I have seen in the way of pledges of honor during this session, I am not disposed to receive any pledge from any quarter, and therefore renew the motion for a call of the House.

Mr HELM I do not desire that any gentleman should get up here and intimate that we mean to violate our pledges I wish to remind the gentleman from Washington county that the pledges of honor which have been broken here were broken by men in his own party No Democrat here or any where else is capable of stooping to such infamous treachery

Mr OLNEY asked that the motion be withdrawn which was done.

Mr HUMASON offered a preliminary resolution to permit absentees to vote on the resolution

Mr LOCKHART called attention to the rule that unanimous consent was required and no dissent was raised.

The main question was then put and Mr Humason resolutions were adopted by the following vote

AYES—Messrs Avery, Baird, Cochran, Cox, Dodge Foudray, Gehr, Hendershott, Helm, Hall, Dempsey Hindman Humason, Knisely Loring McCoy, Moore Ross Rosenheim, South, Wells, Whiteaker Withers and Worth—24.

NAYS—Messrs Davis, Day, Garlick, Garrett, Gingl Hinman, Lamson, Laughlin, Lockhart, Melvin Nickl Olney Roland Starkweather, Stouffer, Upton, Wit and Mr Speaker—18

At 4.20 P M. adjourned

TUESDAY MORNING, OCTOBER 9, 1866.

Capital for the Next Political Campaign.

The Copperheads, with extraordinary provision, are already beginning to prepare for the next political contest in Oregon. With an eye to the possibilities of the future, the members of that party in the lower branch of the Legislature on Saturday last perpetrated a trick which they no doubt consider an achievement of very sharp practice. The constitutional amendment which was lately ratified by the Legislature, is a measure which, in the minds of these apologists for treason, excites especial horror. They have been laboring with untiring energy ever since its ratification on the 19th ultimo, to obtain an expression of a majority of the House against it. The first thing to be done was to oust the Union members from Grant county. With the aid of a few renegade Unionists, these members were deprived of their seats without having a hearing. The next thing was to put off the contested cases from Polk county from week to week, which has been done although the Union contestants have been ready with their testimony from the first day of the session. These same recusant Union members also helped to perpetrate this piece of villainy. Thus the parties stood in the House, twenty-four Unionists (counting the renegades with the honest members) to twenty-three Copperheads. The only further point to be gained was to induce some one of the members elected by the Union party to vote with the Democrats on a resolution declaring that the amendment had been fraudulently passed. The member whom they sought as most likely to consent to become their tool for this purpose was Rosenheim of this county, very properly the Chairman on the House Committee on Commerce, and hence probably supposed to be ready for various kinds of commercial transactions. Their corruptive arts succeeded to a charm, and the pitiful ass agreed to assist in the plan. On Saturday, the Copperheads, taking advantage of the absence of several Union members and taking care that all their own force, together with the traitor Rosenheim should be present, sprung the resolution against the amendment and passed it by a vote of 24 to 18—every Democrat voting for it, and their tool, Rosenheim, with them, making a majority of the House. The object of all this trouble and painstaking was not to endeavor to invalidate the act by which the amendment was ratified—for the Copperheads with all their finesse do not suppose they can do that—but, to have something which they can carp about and harp upon before the people in the next canvass. We are greatly mistaken if this weapon does not prove a boomerang which will recoil upon them who hope to use it. It was only by the defection and assinine folly of one of the members who had originally voted for the amendment, that this condemnatory resolution was passed. And now after a course of the most consummate scoundrelism on the part of the Copperheads in regard to the contested seats, and after a negotiation with the Chairman of the Committee on Commerce, they muster up 24 votes, and declare that the amendment was not legally ratified by the Legislature of Oregon! Be it remembered also that the only means they have of sustaining the charge of fraud which they set up, is founded on the declaration of their pliant tool Rosenheim, a man who has the shamelessness to assert that a measure which he himself aided to carry, was passed by fraudulent means. There was but one Union member in the House who voted against the amendment when it was ratified, and he now votes against the resolution in which Rosenheim declares that his own vote against the amendment was fraudulently obtained.

Since Rosenheim virtually confesses that fraudulent means were successfully used to influence his vote for the amendment, will he now do the public the further service of pointing out the other offending party, so that all who were concerned in the transaction may be placed on the same level of infamy? He has told a part of the story; let him tell the rest. Then this, there is but one other greater service he can do for the party which elected him. Let him resign. Portland has already been too long disgraced by his impenetrable stupidity and infamous conduct.

Henry Ward Beecher has written another letter, dated Sept. 8th, in which he says he has not left the Republican party, and that he will not be put out of it. Of Johnson he says: "Unconsciously the President is the chief obstacle to the readmission of the Southern States. It is enough that he is known to favor a measure to set the public mind against it. He has taken the wrong side of the atrocious massacre of New Orleans. The perversion and mutilation of Sheridan's dispatch need not be characterized. I do not attribute this to him, yet it was of such a criminal and disgraceful nature that not to clear himself of it by the exposure and rebuke of the offending party amounted to compounding with crime after the fact." Beecher further reiterates his devotion to impartial suffrage and to the rights of the oppressed everywhere. All this looks very little like he was a Johnson man.

FROM THE CAPITAL.

[SPECIAL TO THE OREGONIAN.]

Legislative Proceedings.

SALEM, Oct. 8, 1866.

The School Law passed the Senate to-day by a vote of 15 to 5—the negative votes being Messrs. Caldwell, Cyrus, Ford, Huston, Isom and Jeffries.

The Registry Bill has occupied the Senate most of the afternoon, and is ordered to the third reading to-morrow, when it will pass by a probable vote of 13 to 9.

Just before the adjournment Mr. Huston offered a resolution to censure Mr. Dolph for an alleged attempt to intimidate Rosenheim, to influence his vote. The resolution was indefinitely postponed by a vote of 13 to 7. The House this morning adopted a resolution censuring Mr. Dolph, upon a statement made by Rosenheim. Mr. Dolph in the Senate stated that the message he sent to Rosenheim, upon which this action was based, was sent after the vote had been taken, and therefore Rosenheim's statement was unqualifiedly false. All the facts will be stated in the regular reports.

This afternoon a message was delivered by Gov. Woods urging the passage of the railroad bill.

The joint resolution authorizing the Governor to call out the volunteer militia to protect Eastern Oregon, unless aid be soon furnished by the General Government, was adopted unanimously.

The Polk county case was taken up, and pending Mr. Collins' statement the House adjourned.

Gov. Woods received a telegram from Red Bluffs, California, to-day, stating that Frank Williams and Daniels, who were among the escaped convicts from Salem, were in that place and recognized by Mr. Wagner, of Portland. Gov. Woods immediately telegraphed, offering a reward of $500 for their arrest and delivery to the Sheriff of Jackson county. They were at once arrested and will be started for Oregon without delay. These are the fellows sentenced for robbing a safe at Umatilla.

STATE ITEMS.

From the Gazette, it appears that Corvallis is building up very rapidly. The town is said to be in a promising state of prosperity.

The Corvallis Gazette learns that the Fair was a decided success. The weather was fine—the attendance large—and the agricultural and mechanical departments were well represented; and the exhibition of cattle, horses, hogs, sheep, etc., was a credit to the enterprise and taste of the citizens of Linn county. We should be glad to see every county in the State holding Fairs, which, if properly conducted, would do much toward developing the various interests of our young State.

SOLILOQUY OF A COPPERHEAD.—The results of the war are pretty well summed up by a drunken Copperhead in Missouri, who had just executed some conveyances. He was seen leaning against the fence with the deeds in his hands, with revenue stamps affixed, and soliloquizing as follows:

I've always understood Geo. Washington was a good man. He fought against Great Britain in the Revolution. Our fathers fought with them eight years, and we got the nigger and beat Old England out of the stamps. General Lee—he didn't fight in the same war that Washington did. Our boys fought with him for four years, and now we've lost the nigger and got the stamps.

DATES TO OCTOBER 7.

Telegraphic Communication with Newfoundland.

CHICAGO, Oct. 7.—The New York papers are full of complaints that the wires across Newfoundland are getting out of repair too often. They are now connecting Newfoundland with Nova Scotia, and the line will soon be open. The New York and Newfoundland and London Telegraph Company will place in thorough repair immediately all their telegraph lines and build an entire new line from Port Hood to Heart's Content as soon as it can possibly be done. Meanwhile Craig telegraphs to the agent of the Associated Press that if, at the end of a month, it should be found that they receive less than fifty-two reports during the month, it will not be expected that the papers will be charged the full price as heretofore, but only in proportion to what they receive.

HAPPY.—The Presidential party were well received at Auburn, the residence of Mr. Seward. In introducing the gentlemen Mr. Seward is reported to have made these observations:

"This is Señor Romero, the Minister to the United States from Mexico, in whose behalf, and against the destruction of whose country the President of the United States has notified all Governments that interventions from Europe must cease on the 1st of November next."

"I present to you the Secretary of the Navy of the United States, under whose wise and consummate counsels the Admiral won the banner of the seas and saved the commerce of the Republic." [Cheers.]

There were then loud calls for Grant, and as the General advanced Mr. Seward commenced to introduce him, but was interrupted long before he could complete a sentence, by the uproarious cheers that greeted the General. Admiral Farragut was shown up in style: "This very hard, iron-looking, savage-looking man is Admiral Farragut." The Admiral bowed, and then General Rousseau was introduced: "This is the man to whom I had the honor of giving a commission to save the State of Kentucky from disunion. [Cheers.] They told me I would be ashamed to come home to my neighbors; but I came, and as you see, in very good company." General Steadman was then called for, and in introducing him, Mr. Seward said: "Here is a man you all know, and his history is in all our records." [Cheers.] General McCallum was next called forth and in introducing him Mr. Seward said: "This is the man who moved the armies of the Union on all the railroads of the United States." [Cheers for McCallum.] Admiral Radford was next introduced, and Mr. Seward said of him: "This is the man who has got more prize money than any of you are worth, I believe." [Cheers for Admiral Radford.] Surgeon General Barnard was next introduced, and in presenting him Mr. Seward said: "This is the Surgeon General of the United States, who, when any of us got wounded (as none of us ever did) saved our lives and brought us home to Auburn."

The declaration there made that all Governments had been notified that European nations must not interfere with Mexico after November 1st, 1866, is important.

THE RACES.—The races yesterday came off as per notice. The day was cloudy and cool, the track in good order notwithstanding the rain of the previous night. Messrs. Acker and Dearborn were chosen judges, Geo. Thomas and Col. Pendleton, time-keepers. The first race, double team, to road wagons, two best in three—

R. Reed named..........Nip and Boston.
S. R. Parrish named..........Honest George and Nellie.
Jno. Green named..........Fly-by-night and Sellie.

Reed won the pole, Parrish next and Green outside. The horses were turned and came up to the line well together. From the start Green took the lead and kept it, closely followed by Reed, Parrish's team breaking up badly. First heat won by Green—time 3:25.

Second heat—Time was called, and the teams came up well together, and were sent off, Parrish leading, closely pressed by Green. After passing the quarter pole, Parrish got the pole and kept it, winning the heat in 3:27.

Third heat—The horses were brought up and went off at the tap, Parrish leading. Much interest was excited by this heat. It was beautifully done, Parrish winning in [illegible].

The next race was single horse to wagon, best two in three.

Mr. Leonard named..........McClellan.
E. F. Smith named..........Fritz.

McClellan was the favorite, but as doubts were entertained of his steadiness, the betting was about even. The horses were brought up and sent off, Smith leading. Leonard's horse broke repeatedly, and Smith came in winner of the first heat in 3:19.

Second Heat—Horses brought up and let off, Smith in the lead, closely followed by Leonard to the home-stretch, when McClellan came down to his work, coming in winner of the second heat in 3:17.

Third Heat—Horses sent off, Leonard in the lead, which he kept, coming in winner of race and honors; time, [illegible].

Third race the same—Three single horses entered, driven by owners. The drivers were Messrs. Russell, Crawford and Parrish, Mr. Parrish driving horse owned by E. R. Thompson, Esq. Parrish won the pole. Russell next and Crawford outside. The horses came up to the line well together and were sent off. Crawford took the lead and kept it, easily winning the heat in 4:20. Second heat won by Russel, time, 3:55. Third heat won by Crawford, time, 2:45. A race was then made between Fly-by-Night and Nellie for $500 a side, best three in five, harness, to go on Wednesday next. The race will come off at 2 P. M. Much praise is due Mr. Williams for the energy he has displayed in constructing the River Side Track. But [illegible] more work, judiciously expended, will make it one of the most attractive in the State.

POLICE COURT.—On yesterday the case of Jim Hee [illegible] Quack Wong, charged with robbery, was resumed. The evidence against Hee Kee was submitted and warranted his confinement for trial, in default of bail fixed at $1,000. In the case of Quack Wong, of whom the [illegible] before had been very unsatisfactory and contradictory, the China woman and one other witness had testified that he had been in the city but a few days and that the letter found upon the person of Jim Hee Kee was a letter from a friend of Jim's in Jacksonville, which Quack Wong had brought, and that Jim, in [illegible], had given him lodging in his house, was [illegible] by the evidence of some white persons who testified, [illegible], that two months previous he had hired Quack Wong to saw a lot of wood; and the other, that some months [illegible], Quack Wong had come to his [illegible] meat. This evidence having invalidated [illegible] of the Chinese witnesses, Quack Wong was discharged from custody......John Walker was then brought before his Honor, charged with having been drunk and disorderly. He said that it was his first offence, and that he was sick and had been for some time. [illegible] he was discharged, with the admonition to go and sin no more......Indian Jack was then brought up, charged with being drunk and disorderly conduct on the streets. He was fined $10 and costs, and in default was sent to jail for 5 days......John Krauze, charged with being drunk and disorderly, entered a plea that he was not used to drink; but it would not do, as it was not his first offence. He was fined $5 and costs.

BALLOON [illegible].—The balloon ascension of Eustace [illegible] on Saturday last, was eminently successful, and was witnessed by about 1,500 persons. The [illegible] at 4 o'clock P. M. It was delayed by high [illegible] was for 12 o'clock precisely. The balloon rose rapidly, Mr. Buislay performing upon the [illegible] those feats which have made his name [illegible] with feats of daring. The balloon rose to a height of two and a half miles. After the high wind [illegible] there was a perfect lull, and the atmosphere was highly favorable for the first balloon ascension in the State of Oregon. It landed near the town, having [illegible] distance of about two and a half miles. [illegible] has promised to give us an opportunity of [illegible] previous to his leaving the State. [illegible] will take place from the Multnomah Park, [illegible] will be made on Wednesday and Saturday [illegible], of which we will give an account.

[illegible]—We understand that Mr. Jas. Young, [illegible] Chief Engineer of the Department, [illegible] for re-election. Mr. Young has been an [illegible] officer during his term of office. He has [illegible] the boys think they have in him one on [illegible] depend. Who is next? "We would like to [illegible] whole strength of the Department brought out. [illegible] pole will knock the persimmons."

We learn that on Saturday night a German, [illegible] in this city, was met on Third street by two [illegible] whom pinioned his arms while the other cut his pocket which contained $250. Things are getting [illegible] rough, robberies are becoming of frequent occurrence. There appears to be an organization of thieves [illegible] collecting tribute from the unwary.

[illegible] NAPPING.—We learn that on Saturday night [illegible] man was robbed of $30 or $90. It seems that [illegible] lying upon the sidewalk of Washington street [illegible] the robbery was committed, and that a few minutes [illegible] he was met by two policemen to whom he [illegible] story. The man being drunk his story of course was [illegible] his brother corroborated the statement.

[illegible] CITY BALL.—We would call attention to the [illegible] for the Dedication Ball to be given on the occasion of the opening of the new paper mill, on the evening of Thursday, the 11th inst. Let all go, as this will be a most attractive scene. The steamer will probably make a trip for the accommodation of those who wish to go.

THE W. L. R[illegible].—The schooner *W. L. Richardson*, Fisher, master, was brought up on Sunday evening by the steamer *John H. Couch*. The schooner left San F[illegible] on the 20th of September and arrived at [illegible] bay on the 3d inst. She experienced heavy weather [illegible] the trip. She brings one hundred and seventy tons of salt, consigned to master.

OREGON P[illegible].—The steamer *Senator* last evening brought down 100 boxes apples, 40 sacks feed, 12 gunnies bacon, 1 case woolen goods, 4 barrels pitch, 10 boxes eggs and 1 package furs.

[illegible] We learn that M[illegible] Estes & Simpson have sold their entire milling property in this city to Mr. T. J. Carter and others—for what amount we have not heard.

[illegible]—A mistake occurred in yesterday's issue in setting up the total of the national debt, which should read [illegible] 941 09.

[illegible] Wells, Fargo & Co., last evening brought down [illegible] treasure, $45,000 in dust and $50,000 in bullion.

[illegible] We learn that Messrs. Spear Bros. have removed their [illegible] factory from Oregon City to West [illegible].

[illegible] The steamer *Senator* last evening brought down the [illegible] loaded with lumber.

A Beethoven relic is stated to exist at the present time in Klausenburg, Transylvania. It dates 40 years back; is a very well made instrument, by [illegible] of Pesth, and contains a portrait of the poet [illegible] at the age of 20 years. After many vicissitudes the piano has become the property of [illegible] Gyulay of Klausenburg, who is willing to cede it to a museum for its future preservation.

The [illegible] Washington Hair Restorer - the best article of the kind in market. Try it.

IF TEETH COULD SPEAK they would often reproach their owners. "We cannot clean ourselves," would say the [illegible] of many a neglected set, "and are going to ache and ruin, simply for the lack of a daily brushing with Sozodont, the only known means of preserving the teeth." But as the Teeth cannot speak, the Press must speak for them.

THE ORDEAL OF AN OFFICER IN THE ARMY.—"At inspection I [illegible] that a large proportion of the men's knapsacks [illegible] a box of Troches, being generally used by them for Colds, etc." "*Brown's Bronchial Troches*" should be used upon the first appearance of a Cold or Cough, which, by neglect, may terminate in some incurable Lung Disease.

Dr. Hostetter's Stomach Bitters should be in the possession of everybody in the mining regions. As a preventive of various dangerous diseases to which the gold seeker is liable, it has no superior. While it is quite palatable even as a beverage, it is speedy and powerful in its effects upon the system. In all cases of Diarrhea, Dysentery, and the prevailing fevers consequent upon exposure, the Bitters will be found invaluable as a corrective. No man should enter upon the exposed life of a miner without being provided with Hostetter's preventive of stomach disease, nor should any of those who are now engaged in the occupation fail to have recourse to the Bitters. Sold by all druggists and dealers everywhere.

DRAKE'S PLANTATION BITTERS

Have been of great service in making people healthy, and keeping them so. They should be found in every household.

They give tone to the Stomach, vigor to the body, and remove dark doubts and unhappy feelings from the mind. They relieve pain and fortify the whole system against the attacks of disease.

There is nothing better to take "for the Stomach's sake" than the PLANTATION BITTERS.

They cure Dyspepsia, Heartburn, Indigestion, Drowsiness, Headache, Pain in the Side, Liver Complaint, and Rheumatic Pains, with magical power.

A good effect is felt at once upon making the first trial. No change of diet is necessary. Eat the best you can get and all you want. Follow our directions and you will soon feel

WELL, STRONG AND HEARTY.

A great many side hits are being made at the Plantation Bitters, by a score or two of disinterested friends who have endeavored to imitate or counterfeit them. It's all of no use. The people won't be imposed upon. The Plantation Bitters are increasing in use and popularity every day, and "that's what's the matter." They are the same sized bottle, and made just as they were at first, and will continue to be, or we shall stop making them.

They purify, strengthen and invigorate.
They create a healthy appetite.
They are an antidote to change of water and diet.
They overcome effects of dissipation and late hours.
They strengthen the system and enliven the mind.
They prevent miasmatic and intermittent fevers.
They purify the breath and acidity of the stomach.
They cure Dyspepsia and Constipation.
They cure Diarrhœa, Cholera and Cholera Morbus.
They cure Liver Complaint and Nervous Headache.

They are the best Bitters in the world. They make the weak strong, and are exhausted nature's great restorer. The Recipe and full Circular are around each bottle. Clergymen, Merchants, and persons whose sedentary habits induce weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, liver complaint, constipation, &c., will find *immediate* and permanent relief in these Bitters. But above all, they are recommended to weak and delicate females and mothers.

They are sold by all respectable merchants. See that each bottle has our private United States Stamp over the cork and steel-plate side label.

Beware of refilled bottles. See that the stamp has not been tampered with. Any person pretending to sell Plantation Bitters by the gallon is a swindler and impostor, and should be immediately reported to us.

Mustang Liniment.

OVER A MILLION DOLLARS SAVED!

Gentlemen!—"I had a negro man worth $1,200 who took cold from a bad hurt in the leg, and was useless for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure."
J. L. DOWNING.
Montgomery, Ala., June 17, 1859.

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensable article for Sprains, Sores, Scratches or Galls on Horses. Our men have used it for Burns, Bruises, Sores, Rheumatism, &c., and all say it acts like magic. J. W. HEWITT,
Foreman American, Wells, Fargo's and Harnden's Express.

"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment.
Gloucester, Mass., Aug. 1, 1865. ED. SEELY."

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered. Families, livery men and planters should always have it on hand. Quick and sure it certainly is. All genuine is wrapped in steel-plate engravings, bearing U. S. Stamp of DEMAS BARNES & Co. over the top.

An effort has been made to counterfeit it with a cheap stone-plate label. *Look closely!*

Lyon's Katharion.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents hair turning gray and falling off.
It restores hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it.

E. THOMAS LYON, Chemist, N. Y.

Lyon's Extract Ginger.

LYON'S EXTRACT OF PURE JAMAICA GINGER—for Indigestion, Nausea, Heartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make a cheap and reliable article for culinary purposes. Sold everywhere at 50 cents per bottle. Ask for "LYON'S" PURE EXTRACT. Take no other.

CAUTION—See that the private U. S. Stamp of Demas, Barnes & Co. is over cork of each bottle. None other is genuine.

Lyon's Flea Powder.

DEATH TO FLEAS.—It is well known that Lyon's genuine Magnetic Powder will perfectly destroy everything in the shape of fleas, ticks, bed-bugs, roaches, &c.; that it is perfect poison to the insect tribe, but entirely harmless to the human species and domestic animals. The genuine has the signature of E. LYON, and the private stamp of DEMAS, BARNES & Co. Anything else of this kind is an imitation or counterfeit. Any druggist will procure the genuine if you insist you will have no other.

G. VENARD,
CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS. 625 AND 627 FRONT ST.
HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.
The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.
BEWARE OF COUNTERFEITS.

New Cold Water Song

BY JOHN PIERPONT

When the bright morning star the new daylight is bringing,
And the orchards and groves are with melody ringing,
And away to and fro [illegible] winging,
Their [illegible] gladness and gratitude sing,
Why do they so twitter and sing, do you think?
Because they've had nothing but water to drink.

When a shower [illegible] a hot day of summer is over,
And the fields are all smiling with white and red clover,
And the [illegible] fluttering over
Is [illegible] the leaves [illegible] over
Why so fresh clean and sweet are the fields do you think?
Because they've had nothing but water to drink.

Do you see that stout oak on its windy hill growing?
Do you see what great hailstones that black cloud is throwing?
Do you see that stout war ship its ocean way going,
Against tide winds and head winds like hurricane blowing?
Why so strong are oaks clouds and war-ships do you think?
Because they've had nothing but water to drink.

Now if we have to work in the shop field or study
And would have a strong hand, and a cheek that is ruddy
And would not have a brain that is addled and muddy
With our eyes all bunged up and our noses all bloody,
How shall we make and keep ourselves so do you think?
Why we must have nothing but water to drink.

OUR SALEM LETTER

SALEM, Oct. 7, 1866

EDITOR OREGONIAN:

Since the recess of the Assembly, the Senate has been working hard and with an apparent will to accomplish whatever may be needed, as well as some things that are not needed. There is the usual disposition to tinker the code, but it is doubtful if many material changes will be made. The Senate has spent more time on the school bill than any other, thus far. The first chapter has been struck out and a substitute adopted which is quite unlike the original, but less cumbersome in details and less expensive to the State. The best friends of the bill have submitted to a good many material alterations—such as the one mentioned, and the modification of the oaths of allegiance in sections 63 and 69—in order to conciliate those who are unfriendly to the bill. When it goes into the House—for it will pass the Senate—it will suffer still further from amendment at the suggestion of those who are opposed to the bill in any event, and it is questionable whether it can get through without such emasculation as will practically destroy it. Messrs. Dolph, Johnson and Palmer, in the Senate, have labored hard to save it, where possible, and to amend it as little as possible where it was evident changes had to be made to save it votes upon the final passage. Mr Crawford is the only Democrat in the Senate who has manifested any desire for its success and he declared he would not vote for it unless the oaths were modified. Messrs. Jeffries and Huston, though not taking positive ground against the entire bill, are understood by their action upon it during its consideration in committee of the whole, to be opposed to it.

The Democracy broke a very weak "lance" (as the young man of the *Statesman* would say,) against the Registry bill the other day. While upon its second reading and while several committeemen were out a motion was made to indefinitely postpone it. This raised a momentary flutter, and a call of the Senate was ordered, but a quick glance over the chamber satisfied the friends of the bill that the motion could not be carried, and they agreed to dispense with the further call and let the vote be taken. The motion to postpone obtained only 7 votes out of 22. It is perhaps more than doubtful whether this bill can pass the House. The Democrats are understood to be opposed to it to a man, while there are, at least, two or three doubtful men on the Union side.

The Senate yesterday, defeated two measures for the benefit of Eastern Oregon—one to reimburse each county for money donated to Judge Wilson, and the other, to create a new judicial district. The first was indefinitely postponed on its second reading, the latter was lost on its submission for final passage. Both were deemed in contravention of the State Constitution. On the first, one or two gentlemen made feeling appeals for the reimbursement of the counties, making use of the "bread and butter" argument that the salary of the Judge is quite insufficient to subsist him. Dr. Bayley made a fair hit against this argument when he said none of the judges ever resigned and they were always ready to be reelected. Mr. Johnson made a very neatly sarcastic allusion to Judge Wilson's "bread and butter" difficulties, though he opposed the bill. Mr Sterns brought a broad grin upon the visages of grave and reverend Senators when he covertly, (though, I think, intentionally,) detailed the intense willingness of Judge Wilson to again sacrifice himself upon his country's altar by being re elected to the position he had often threatened to resign, and all, too, for the good of the district—the Judge arguing against his own interests, that the district ought to have a good judge and that, as there was very little legal talent there, why you see, it was a sort of judicial necessity that he again should don the ermine, take the ridiculously niggard salary and perform the onerous duties of Judge. The bill was defeated because the Senate did not believe the Legislature could *indirectly* increase the salary of a judge by paying money into county treasuries and thence into the Judge's pocket any more honorably than they could do it by emptying funds *directly* from the State Treasury into the Judges' palm. The bill to create a new judicial district of the counties of Umatilla, Union and Baker, was lost because the members were not satisfied that the State had a population of 100,000 as required by the Constitution.

In the House, matters are very much mixed, politically, as they have been from the start. The Polk county contest has not yet been brought to trial, and probably will not, before very near the last days of the session. A resolution introduced a day or two ago, to close the evidence on Wednesday next, was lost by the vote of ROSENHEIM, of Multnomah. Subsequently, he voted for a resolution giving the entire week to the introduction of evidence. His excuse for voting against Wednesday, was that, he thought the time *too short!* He, the immaculate Rosenheim, wanted plenty of time, a full investigation, a fair trial—nothing else would satisfy his conscience! In the Grant county case, the Rosenheim *didn't* want to waste time. It was important to adjudicate the rights of parties immediately! No evidence was necessary! An impartial trial was of the least importance when compared with the anxiety of the Rosenheim and others to get hold of the "balance of power" which should enable them to defeat Gov. Gibbs for the Senate. But when after a delay already of four weeks and when all contestants have been for over two weeks, *ready* for trial, the Polk county case comes up, the Rosenheim wants *time* to get the evidence in, and votes with the Copperheads to drag the case through the entire coming week and throw its decision into the last week of the session! This conduct of your representative, however, excites less surprise than indignation and *disgust*. The Union men here, since his perfidy to the caucus, have never placed any reliance in him. The proceedings in the House, yesterday, capped the climax of the ridiculous. A resolution from the Copperhead side was introduced reciting that the resolution ratifying the Constitutional amendment was placed in the House by the votes of the Union members from Grant, whereas had they not been in the seats, the revolution would have been defeated by the present Democratic members and that, therefore, the resolution was adopted through fraud, and the action of the House thereon was illegal. By the help of the ROSENHEIM, the Copperheads carried this resolution! The House has therefore declared that its own action was fraudulent and wrong. The ROSENHEIM declares by his vote for this latter resolution, that he assisted in the perpetration of a fraud when he voted for the Constitutional amendment! Such is Rosenheim! But aside from the general disgust felt in relation to Rosenheim's political turpitude the adoption of this Copperhead strategy only excites ridicule. That the House being but one branch of the Assembly, after the ratifying resolution had been signed by the presiding officers of both Houses, certified by the Secretary, and probably half way to Washington, should kick up this dust with the expectation of defeating the ratification by the State of Oregon is enough to draw out a guffaw from the most solemnly disposed man in the world. The Copperheads of the House are frequently appealed to, with mock consternation to not revoke the Emancipation Proclamation, the Civil Rights Law etc.

One of the latest sensations is that of the inquiry into the matter of Upton's right to a seat. It being alleged that he holds a lucrative State office the Copperheads have raised the question of the legality of his sitting as a member of the Legislature. The point is raised under Section 10, Article 2 of the Constitution. I have heard the theory advanced that they raised the inquiry as a bugbear to hold over Rosenheim and that they induced him to vote with them on the resolution mentioned above under a threat that if he refused, they would oust Upton. I do not think that accounts for the extraordinary course pursued by Rosenheim, nor do I believe that the Copperheads care a flip about putting Upton out.

There is some talk about a recess during the State Fair. No definite understanding has been reached on this subject save favoring an absolute adjournment over from the 16th to the 20th while others favor early morning and evening sessions with a recess during the afternoon of each day. There is so little good to be done by legislation that an adjournment *sine die* on the 10th might just as well be agreed on. There are very few of the bills thus far introduced or in contemplation so far as I know, that are actually demanded by the public good. We do need a school law, a registry law, and possibly one or two others, but most of the amendatory bills now pending are prompted more by individual whims and fancies rather than real needs.

A bill contemplating the earliest possible erection of an Insane Asylum at the seat of government is in course of preparation and will soon be introduced. There is a strong [illegible] in the minds of most men who have given the matter attention, that the State is paying into private pockets by far too round a sum of money for the care of its insane. It will be made to appear in the course of the consideration of the asylum bill that the expense of keeping the insane and idiotic can be reduced nearly to half the present price paid to Loryea & Hawthorne. If so the Assembly will be recreant to its duty if it does not provide for terminating the contract with those parties, as soon as it can be done honorably.

STATE ITEMS

The *Sentinel* says about sixty head of Willamette horses and colts passed through the Rogue river valley during the week ending September 29th for the California market.

Mr W. B. Carter of the Corvallis *Gazette* has built a publication office, twenty by thirty-six feet and two stories high. We are glad to see this evidence of the *Gazette's* prosperity. We believe it is the only office in the State which is free from that heaviest of taxes—rent.

The *State Journal* of the 6th says: An amusing case was tried here during the week before Judge Stratton. A few days ago a young ardent and a girl about fifteen years old, both living some miles below here started to run away with the intention of going to some country where they could get married without a license. The fond parent of the girl hastened to town, got out a warrant and he and Sheriff Meador overtook the couple and brought them to town. The young man was bound over in the sum of $500 to make his appearance at court and the girl was taken home.

The Eugene *State Journal* contains the following account of a terrible accident which happened in Lane county on Sunday, Sept. 30. On Saturday Capt Stephen Rigdon, Eli Keeney, Alva Larkin, and a man named Vicker, went out in the mountains on Bear Creek six or eight miles from the Pleasant Hill settlement, on a hunting excursion. They camped in the mountains on Saturday night after having hunted during the day. On Sunday evening they started out from camp to have a little hunt. Keeney and Vicker went in one direction and Rigdon and Larkin who had frequently hunted together went in another direction. Soon after leaving camp they separated, one bearing to the right and the other to the left. Soon after they had separated Rigdon saw two deer jump up and fired at one of them. The deer ran off apparently unhurt. After loading his gun he whistled for his companion, but receiving no answer, supposed he had gone out of hearing and followed on in the direction the deer had taken. In the evening when Rigdon and the other two men had returned to camp Larkin was missing. They concluded that he had got lost and that he would make his way out and go home. Hence they made no search for him at the time. On returning to the settlement, however, and finding that Larkin had not yet arrived they became much alarmed lest he had met with some accident and immediately went back with other neighbors to search for him. Rigdon described the manner of separating, and mentioned the circumstance of shooting at the deer soon after they parted, expressing fears that Larkin might have been in range with the ball and got shot. He took the party to the place where he shot at the deer and showed them where he stood and where the deer was when he shot at it. They found the beds where the deer had been laying when they jumped up, and on going about forty yards beyond, through thick underbrush and leaves they found the dead body of Larkin shot through the head. On examination it was found impossible to see the horses some ten in number, which the party had hitched round where the body lay, when standing where Rigdon was when he shot so thick were the leaves on the brush. It was about forty yards to where the deer stood when he shot at and about forty yards further through this thick brush and leaves to where the man had been standing when the fatal ball struck him. The accident was a terrible one, and it is doubtful which is afflicted the worst, the friends and relatives of the unfortunate man, or his unlucky companion who fired the fatal shot.

A "SHENANDOAH" PIRATE IN HOT WATER.—The *Bulletin* of the 19th, gives the following account of a great rascal:

"The people of this coast all remember, as they have good reason to, the depredations of the pirate *Shenandoah* on the American whaling fleet in the Arctic waters, and they have not forgotten the man who betrayed his countrymen and friends into the hands of the pirate, as evidenced by events of the past week. On Saturday the 12th instant, Thomas P Manning, the individual alluded to arrived here on the ship *Galatea*. Immediately upon his setting foot on shore at Pacific street wharf, he was recognized by a number of boatmen and others, who threatened to take summary vengeance on him for his perfidy, and he only escaped by flight. He then went to a sailor boarding house for refuge, but upon being recognized was refused admittance, and finally, the pursuit becoming intensely hot, he disguised himself, and has been hiding ever since. United States Marshal Rand was notified of his presence yesterday and immediately telegraphed to Washington for instructions with regard to taking measures for his apprehension.

It was supposed that he would seek to escape to China to-day by the ship *Sea Serpent*, and a large number of boatmen, whalers and others, including many who had been despoiled of everything they possessed through his rascality, were guarding every avenue to the ship, and it is thought that he did not escape. One Nassau, another pirate of the *Shenandoah*, who was his companion on the *Galatea*, left by the *Sea Serpent* to-day, but when he went on board, Manning was not with him, and there is every reason to believe that he is still in this city.

If ever a man deserved punishment, Manning is that person. He had sailed out of this port for several years, was a Northern man by birth and parentage, and was never in a Southern State in his life, and cannot therefore make any pretense of owing allegiance to the Southern Confederacy. He was boatsteerer on the whaling bark Cape Pigeon, and left her to join the pirate *Shenandoah* for the purpose of robbery and plunder. His knowledge of the locality of the whaling fleet and their course, alone enabled the *Shenandoah* to carry out her system of robbery, plunder and arson, and but for his assistance in the infamous business they might have escaped. Many of the whale fishermen were personal friends of Manning. Their entire worldly possessions were invested in their voyage, and they were rendered penniless by his villainy.

The war is now over. And while those who, from a mistaken sense of duty, periled their lives in endeavoring to establish a Southern Confederacy may win respect for their valor, such despicable traitors and miscreants as Manning deserve to bear the brand of infamy wherever they go. Since his return here Manning is said to have remarked that if American vessels would not take him away he could escape on some foreign built ship. It is not likely, however, that any ship captain knowing of his past career would admit him on board his vessel. A traitor who had once turned a whole fleet of American ships over to the remorseless plunder of a pirate, is not to be trusted on another vessel.

It is stated that the boatmen and whalers in this port will hang him, provided he falls into their hands. It is to be hoped however, that the laws will be respected, and if he is captured that he may be legally tried and punished as his crime deserves. But whether he escapes personal punishment or not, his life must forever be one of torturing anxiety and fear, for in whatever port the American flag floats his name will be the synonym of disgrace and ignominy."

The *Union's* dispatch says:

"It is ascertained that Manning, the pirate escaped from the city on a small boat which put him on board the *Sea Serpent* off the Heads, as she was going out to China on Monday. The sailors were watching for him all along the city front, and he would have had a rough time had he fallen into their hands."

THE LAST OF THE REBEL ARMY.—The serenity of the office of the commanding officer of this post was agitated on yesterday, by the apparition of four Confederate soldiers who gave their names and "descriptive list" as follows:

Anthony Monkas, Co E Fifty second Georgia Infantry, Third Army Corps, A N V; Thomas Wells, do; James Brubarter do; Allen Tewksberry, Forty third Louisiana do.

A more rugged set of mortals had never appeared before the Colonel during all the dealings he has ever had with the "ragged rebels" of Lee's army. Tewksberry was a sort of walking illustration of original patch work. His clothing had been tied and sewed and stuck together with strings and thread and thorns until there did not appear a solitary square inch upon it which had not been tied up, sewed up or stuck up in some way or other. His companions were not quite as badly off, one having a pair of blue Yankee pantaloons with only a half a dozen rents in it, another hiding the raggedness of his gray pants with a flowing rough ribbonry Yankee overcoat and the other making his decency apparent by concealing the defects of his upper garments with an old oilcloth fly awfully bedaubed with mud.

Tewksberry stated to the Colonel that he and his party stopped on the Appomattox, about seven miles above the city after the evacuation of Petersburg for the purpose at first of resting, that they staid longer than they expected and were cut off. They then made a vow to live on that spot, and never go home or give up until the confederacy was completely annihilated. They sought out a cave on the banks of the river, which at that point is very rocky and after some little industry succeeded in erecting for themselves a most comfortable little home. Here they lived upon fish and game and occasional roasting ears during all last summer and upon bread made of corn they had gathered from the corn fields and an occasional pig they found without a mother in their rambles during the winter. This spring and summer they lived as they did last summer, but recently hearing from an old negro man that the Confederacy had undoubtedly "gone up," they concluded to quit their barbarian life and surrender. They marched to the city yesterday morning with their muskets and accoutrements stacked arms in front of head quarters, sent in word that they were the remnant of the Army of Northern Virginia, and that they wished to surrender upon the conditions accorded to Lee and the main body. Col Milton granted their request and gave them transportation to their homes and bade them adieu.

The illustrious four roamed about town for a short time had new suits of clothing given them, and after being made to look half drunk embarked on the Southern train for their homes.—*Petersburg (Va.) Index, Aug. 15.*

REBUFFED.—The President was snubbed at Bloomfield (Ill.). He tried to speak. A voice: "We don't want traitors peddling bread and butter at the home of Lincoln." Loud calls were made for Grant and Farragut.

While the President was speaking from the window of the Delavan House, at Albany he inquired: "To whom have I proved a traitor?" when an Irishman replied, "To General Sweeny and the Fenians." He continued: "I have held every office in the gift of the people: what more can I desire?" when a fellow sang out "Another term."

WAR BUT NO WINE.—Many of the German vineyards have been destroyed during the military campaign. A French journal, devoted to the wine interest, noticing this fact, observes: "This is a great misfortune in a humanitarian point of view, but as the mishap is irremediable we must, as men, make up our minds on the subject, and as Frenchmen and wine growers we must, if not rejoice, at least congratulate ourselves in being the heirs to profit by the disaster. A man does not always shed tears over a deceased uncle's will. Let us therefore abstain from sentimentality, and profit by the inheritance."

Mr Hawkins, who killed his wife in St. Paul by accident, was trying to staunch her wounds when somebody took his pocket book with $310 in it.

Medical.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS attended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact it stands unrivalled as a remedy for the permanent cure of the maladies above mentioned, and also—

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease any way connected with the [illegible] or decay of the PROCREATIVE FUNCTIONS. Persons about to marry if conscious of any weakness, should take the

CONSTITUTION WATER.

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man. He stands erect, he moves with firm step, his mind which was previously sunk in gloom or an almost idiotic apathy, becomes bright and active, and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING OR PAINFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND MUCOUS
OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. [illegible] IT in these cases and you will ever give praise to [illegible]
